Weight: 3.69oz

Price: \$12.00

Short Description

Skin Repair Ultra repairs and softens skin and repairs damage caused by extreme use or exposure.

Description

Skin Repair Ultra builds upon the success of the Skin Repair line of products with the addition of Comfrey, the original natural source of allantoin. Allantoin has potent healing and soothing properties, and for centuries comfrey leaves were used to help heal minor skin injuries and swelling.

"...there is anecdotal evidence that it helps moisturize the skin by exfoliating and removing dead skin cells that prevent natural humectants from binding and retaining water in the skin..."

Suggested uses

The following uses have been published for one or more of the ingredients of this product;

Bites, Bleeding, Bruises, Burns, Cuts, Dermatitis, Diaper rash, Eczema, Inflammation, Itching, Measles, Psoriasis, Rashes, Roseola, Skin complaints, Sores, Splinters, Sprains, Swelling, Varicose veins, Warts, Wounds.

How to use

Apply lightly to your skin wherever damage has occurred, or where extra healing is desired, and then massage gently until the salve is absorbed.

It is not necessary to limit the use of Skin Repair Ultra to only those areas where healing is desired, as the formulation will strengthen, smooth, and soften your skin wherever it is applied. You will love how your skin feels after using this.
