

Skin Repair Extra

Availability: In Stock
Weight: 3.69oz

Price: \$15.00

Short Description

Skin Repair Extra has been developed to help lighten those dark areas on your skin that are caused by excessive pigmentation.

Description

“Age spots” or “Liver spots” are areas of hyperpigmentation on the skin.

Hyperpigmentation causes patches of skin to become darker than the surrounding skin. It occurs when the skin produces excess melanin, the pigment that gives skin its color. It can affect any skin type and is more likely during pregnancy, with older age, or after an injury.

The herbal ingredients in Skin Repair Extra have been identified as being able to slow down or reduce the production of melanin, thereby allowing the dark spots to gradually decrease in intensity. While Skin Repair Extra can reduce the darkness of pigmentation spots, it may not eliminate them entirely.

Suggested uses

The following uses have been published for one or more of the ingredients of this product;

Acne, Bites, Wounds.

How to use

Apply a small amount of the salve on your skin where it needs attention and then massage in. You can apply Skin Repair Extra anywhere that you want to improve the

appearance of your skin. You do not need to apply much, and it will be absorbed quickly.
